The insurance which shall be carried upon the Condominium Property, including the units, common elements and Association property shall be as follows:

- A. **Authority to Purchase Insurance.** All insurance policies shall be purchased by the Association for the benefit of the Association and the Unit Owners and their mortgagees as their respective interests may appear.
  
- B. **Coverage.**
  - 1. **Casualty.** Except as otherwise provided herein, the Association shall obtain and maintain fire and extended coverage insurance with a responsible insurance company, or through alternate sources as may be available, upon all of the insurable improvements of the entire condominium, including Association Property, the common elements, the respective units, and the personal property of the Association, for the full replacement or insurable value thereof. Notwithstanding the foregoing requirement, the Association, through its Board of Directors, will have fulfilled its duty to obtain insurance coverage if it obtains and maintains such insurance coverage as may be available from time to time given market and economic conditions, provided such coverage shall always meet the minimum level of adequate coverage required by Section 718.111(11), Florida Statutes. The original policy of insurance

shall be held by the Association, and institutional first mortgagees shall be furnished, upon request, mortgage endorsements covering their respective interests. Each unit owner shall be responsible for insuring personal property located within the unit; ceiling, floor and wall coverings; and electrical fixtures, appliances, air conditioning and heating equipment, water heater, and built-in cabinets to the extent these items are located within the unit boundaries; and any improvements made within the unit which are not covered by the Association policy. The owners shall also be responsible to insure any portion of the Condominium Property which may be removed from Association insurance responsibilities by virtue of future amendments to Section 718.111(11), Florida Statutes (1993). Notwithstanding the foregoing, any insurance otherwise required to be maintained by the unit owners by the terms hereof may be included in the insurance coverage purchased by the Association and paid for as part of the common expenses, if so authorized by the Association Board of Directors, unless prohibited by law.

2. **Liability Insurance.** The Association shall obtain and maintain public liability insurance covering all of the common elements and Association Property and insuring the Association and the unit owners as their interest may appear in such amount as the Board of Directors may deem appropriate. The Board of Directors shall have authority to compromise and settle all claims against the Association or upon insurance policies held by the Association. The unit owners shall have no personal liability upon such claims, except as may be otherwise provided by law, and nothing herein contained shall in any way be construed as imposing upon the Association a duty to assess unit owners for the purpose of raising sufficient funds to discharge any liability in excess of insurance coverage. Each unit owner will be responsible for procuring and maintaining public liability insurance covering losses which may occur in and about the owner's unit, as the owner may deem appropriate.
  3. **Worker's Compensation.** Such worker's compensation coverage as may be required by law.
  4. **Other Insurance.** Such other insurance as the Board of Directors may from time to time deem to be necessary, including but not limited to Errors and Omissions Officers and Directors Liability insurance coverage, flood insurance, and insurance for the benefit of its employees.
  5. **Deductible and Other Insurance Features.** The Board of Directors shall establish the amount of the deductible under the insurance policies, and other features, as they deem desirable and financially expedient, in the exercise of their business judgment.
- C. **Premiums.** Premiums upon insurance policies purchased by the Association shall be paid by the Association as a Common Expense of each condominium and of the Association, as applicable.

- D. Insurance Shares or Proceeds.** Insurance proceeds of policies purchased by the Association covering property losses shall be paid to the Association, and all policies and endorsements thereon shall be deposited with the Association. The duty of the Association shall be to receive such proceeds as are paid and to hold and disburse the same for the purposes stated herein and for the benefit of the Unit Owners and their mortgagees in the following shares:
- 1. Common Elements.** Proceeds on account of damage to Common Elements - an undivided share for each Unit Owner, such share being the same as the undivided share in the Common Elements appurtenant to the Unit.
  - 2. Unit.** Proceeds on account of damage to Units shall be held in the following undivided shares:
    - a. When the Condominium Building is to be restored - for the Owners of damaged Units in proportion to the costs of repairing the damage suffered by each Unit Owner, which cost shall be determined by the Association.
    - b. When the Condominium Building is not to be restored-for the owners of units in the building in proportion to the value of each unit, which values shall be determined by the Association.
  - 3. Mortgages.** In the event a mortgage endorsement has been issued as to a Unit, the share of that Unit Owner shall be held in trust for the Mortgagee and the Unit Owner as their interests may appear; provided, however, that no mortgagee shall have any right to determine or participate in the determination as to whether or not any damaged property shall be reconstructed or repaired, and no mortgagee shall have any right to apply or have applied to the reduction of a mortgage debt any insurance proceeds, except those proceeds paid to the Unit Owner and mortgagee, pursuant to the provisions of this Declaration.
- E. Distribution of Proceeds.** Proceeds of insurance policies received by the Association shall be distributed in the following manner:
- 1. Reconstruction or repair.** If the damage for which the proceeds are paid is to be repaired or reconstructed, the proceeds shall be paid to defray the cost thereof as elsewhere provided. Any proceeds remaining after defraying such costs shall be distributed to the beneficial owners, remittances to Unit Owners and their mortgagee's being payable jointly to them. This is a covenant for the benefit of any mortgagee of any Unit and may be enforced by such mortgagee.

2. **Failure to Reconstruct or Repair.** If it is determined in the manner elsewhere provided that the damage for which the proceeds are paid shall not be reconstructed or repaired, the remaining proceeds shall be distributed to the beneficial owners, remittances to Unit Owners and their mortgagee being payable jointly to them. This is a covenant for the benefit of any mortgagee of a Unit and may be enforced by such mortgagee.
  
- F. **Association as Agent.** The Association is appointed agent for each Unit Owner and for each owner of a mortgage or other lien upon any Unit and for each owner of any other interest in the condominium property or any property in which the Association owns an interest, to adjust all claims arising under insurance policies by the Association, and to execute and deliver releases upon the payment of such claim.
  
- G. **Repair and Reconstruction after Casualty.**
  1. **Determination to Reconstruct or Repair.** If any part of the Condominium Property or any property in which the Association owns an interest shall suffer loss or damage by casualty, the improvements shall be restored unless the owners of three-fourths of the units in this condominium and three-fourths of the units in the other condominium operated by the Association vote to terminate this condominium. Except for the consent of institutional first mortgagees, no further consent from any other person or entity shall be necessary to effectuate a termination of the condominium in the manner above described. In the event the condominium is to be terminated, then all owners of units shall immediately convey all their right, title, and interest to their respective units to a bank trustee selected by the Board of Directors, to be held by such trustee in trust. The recording of each such conveyance in the Public Records of Sarasota County will have the immediate effect of releasing all liens upon the respective unit and shall cause their instantaneous transfer to that unit owner's share of the funds to be subsequently distributed by the trustee as provided herein.

The trustee shall collect all insurance proceeds payable as a result of such destruction, shall collect all assets of the Association which are allocable to the units in this condominium and which may remain after the Association pays its liabilities, and shall effect a public or private sale of the Condominium Property, by whatever means the Association Board of Directors shall deem best, for the highest and best price, for cash or terms, as soon as practicable consistent with local real estate market conditions. The trustee may make partial distributions of each unit's share of the funds collected by the trustee at such times and in such aggregate amounts as the trustee and the Association Board of Directors may deem appropriate. In determining the amount of any partial distribution, the trustee and the Association Board of Directors shall ensure that sufficient funds are retained by the trustee to cover unpaid or anticipated costs, fees, or other liabilities of the Association. When the trustee has collected all insurance proceeds and all proceeds from the sale of the condominium property and, to the extent applicable, the assets of the Association and has

paid all applicable Association liabilities and reasonable trustee's fees, appraiser's fees, and other costs reasonably incurred, the trustee shall make a final distribution of each unit's share of the remaining funds held by the trustee.

Any distribution, whether partial or final, of a unit's share of the funds held by the trustee shall be made jointly to the record title owner of the unit and the record owners of any mortgages or other liens encumbering the unit at the time of the recording of the conveyance to the trustee by the unit owner. All mortgages and other liens upon the respective units shall be fully released and discharged as provided herein even though the share of a particular unit in the funds distributed by the trustee is insufficient to pay all liens in full; in such event the lienholders who had priority against the title to the unit shall have priority of payment of the unit's share of such funds. Nothing herein provided shall in any way relieve the unit owner of his personal liability for any deficiency which may remain upon any liens which encumbered his unit at the time of his conveyance to the trustee.

Mortgagees and other lienholders will evidence their acceptance and consent to the foregoing provisions by the acceptance of their mortgages or perfection of their liens. The provisions of this paragraph may be enforced by injunction, by suit for specific performance, or by other appropriate remedy upon suit filed by the Association in a court of competent jurisdiction.

**2. Method.**

- A. Plans and Specifications.** Any repair or reconstruction must be substantially in accordance with the plans and specifications for the original improvements, if available, or if not, then according to plans and specifications approved by the Board of Directors of the Association, provided that if the damaged property is a building containing condominium units, approval must also be obtained from the owners of all Units and mortgagees of record in the damaged building, which approval shall not be unreasonably withheld.
- B. Responsibility.** The responsibility for repair and reconstruction of common elements, and Association property, after casualty, shall be that of the Association. In addition, the Association shall be responsible for repair and reconstruction after casualty of any portion of the unit that the Association is responsible to insure under the provisions of this paragraph 12. The owners of each unit shall be responsible for repair and reconstruction of those portions of their unit that they are both responsible for maintaining, and insuring.
- C. Estimates of Costs.** Immediately after a determination is made to repair or reconstruct damage to property for which the Association has responsibility for repair and reconstruction, the Association shall obtain reliable and detailed estimates of the cost of the repair or reconstruction.

- D. Assessments.** If the insurance proceeds are insufficient to defray the estimated cost of repair of the Common Elements, Association Property or any property which the Association is obligated to insure hereunder, or if at any time during repair or reconstruction the insurance proceeds are insufficient, assessments shall be made against all Unit Owners, in sufficient amounts to provide the necessary funds for the payment of such costs. Such assessments shall be in proportion to the Unit Owner's share of the Common Expense.

If the insurance proceeds are insufficient to defray the estimated cost of repair of portions of the unit, or units, which the Association is obligated to insure hereunder, or if at any time during repair or reconstruction the insurance proceeds are insufficient for said purpose, the owner of such damaged unit(s) shall be responsible for the payment of the first \$1000.00 not covered by insurance, whether because of a deductible clause, or otherwise. The Association shall be responsible for all other casualty damage not covered by insurance, and in excess of the \$1000.00 obligation imposed upon the owner of the damaged unit. The provisions of this paragraph will not be construed to otherwise negate the limitation of the Association's liability for non-casualty damages, as set forth under Section 17(5), of this Declaration.

- E. Construction Funds.** The funds for payment of costs of reconstruction and repair after casualty, which shall consist of insurance proceeds and funds collected by the Association by assessment against Unit Owners shall be disbursed in payment of such costs in the following manner:
- 1. Association - Insurance.** The proceeds of insurance collected on account of casualty and the sums from collections of assessments against Unit Owners on account of such casualty shall constitute a construction fund which shall be disbursed in payment of the costs of reconstruction and repair in the following manner and order:
    - A. Association - Lesser Damage.** If the amount of the estimated costs of reconstruction and repair which is the responsibility of the Association is less than \$50,000.00, then the construction fund shall be disbursed in payment of such costs upon the order of the Association.
    - B. Association - Major Damage.** If the amount of the estimated costs of reconstruction and repair which is the responsibility of the Association is more than \$50,000.00, then the construction fund shall be disbursed in payment of such costs in the manner required by the Board of Directors of the Association and upon approval of an engineer or architect qualified to practice in Florida and engaged by the Association to supervise the work, or other reputable construction consultant as determined prudent by the Board of Directors.

- C. **Unit Owners.** The portion of insurance proceeds representing damage for which responsibility of reconstruction and repair lies with a Unit Owner shall be paid by the Association to the Unit Owner and if there is a mortgagee endorsement to such unit, then to the Unit Owner and the mortgagee jointly, who may use such proceeds as they may be advisable.
- D. **Surplus.** It shall be presumed that the first monies disbursed in payment of costs of reconstruction and repair shall be from insurance proceeds. If there is a balance in a construction fund after payment of all costs of reconstruction and repair for which the fund is established, such balance shall be distributed to the beneficial owners of the fund in the manner elsewhere stated; except, however, that the part of a distribution to a beneficial owner which is not in excess of assessments paid by such owner into the construction fund shall not be made payable to any mortgagee.

### 13. SALE OR LEASE OF UNIT

In order to maintain community of congenial residents who are financially responsible and thus protect the value of the condominium Units, the sale and leasing of a Unit by an owner shall be subject to the following provisions:

1. **Transfers Subject to Approval.** No Unit owner may lease, or dispose of a Unit or any interest therein by sale, except to a member of the Association, a spouse, or a trust of which the owner, his spouse or lineal descendants are the sole beneficiaries, without prior approval of the Association. Sale of any Unit under Time Sharing, Interval Ownership or similar arrangement is prohibited.
2. **Approval of Leasing.** All leases shall be subject to prior approval of the Association. For purposes hereof, occupancy of a Unit by a person or persons in the absence of the owner, except for parents, children, grandchildren or siblings of the owner or his spouse, shall be deemed a lease and must be approved by the Association. Within a reasonable time, not less than twenty (20) days prior to the commencement of the proposed lease term, a Unit owner or his agent shall apply to the Association for approval of such lease on the application form prescribed by the Association. The owner or the intended lessee shall furnish such information as the Association may reasonably require, including a copy of the proposed lease and the prospective lessee shall make himself or herself available for a personal interview by the screening committee prior to the approval of such lease. It shall be the owner's obligation to furnish the lessee with a copy of all pertinent condominium documents including this Declaration of Condominium and current Rules. Each lease, or addendums attached thereto, shall contain an agreement of the tenant to comply with this Declaration and all other documents governing or affecting the condominium; shall contain a provision appointing the Association as agent for the owner so the Association may act on behalf of the owner to enforce the lease, evict the tenant, or otherwise; and shall contain a provision authorizing the tenant to pay rental directly to the Association upon receipt of written notification from the Association that the owner is delinquent in paying assessments; and if the lease does not so provide, it shall be deemed to include such provisions. The owner shall not be relieved of any liability or responsibility hereunder by virtue of the existence of said lease or any of the foregoing provisions.

It shall be the duty of the Association to notify the Unit Owner of approval or disapproval of such proposed lease within ten (10) days after receipt of the application for lease on the prescribed form with all required information and the personal interview of the proposed lessee, whichever date last occurs. The Association has the authority to require, as a condition to permitting the leasing of a Unit, the depositing with the Association of a security deposit up to the highest amount allowable by law which may be placed by the Association in an account without interest. Upon termination of occupancy of the Unit by the lessee, the Association may deduct from the security deposit an amount equal to any actual or anticipated expenses occasioned but not limited to damage to the common elements and the limited common elements. Each tenant shall be jointly and severally liable with the Unit Owner for any damages to the common elements or Association property or other injuries or damage caused by the acts, omissions or negligence of such tenants or those claiming by, through or under them. Any amounts remaining from the security deposit after such amounts are deducted shall be returned to the lessee by the Association not later than fifteen (15) days from the date of notice to the Association of the termination of occupancy of the Unit by Lessee.

**3. General Provisions Regarding Leasing.**

- (a) A Unit owner shall not lease the Unit more than one time in any twelve (12) month period. It is recognized that leases are sometimes terminated early due to circumstances beyond the control of the owner. In recognition of this fact, the Board has the right, in its sole discretion, to approve a new tenant in the event that an existing lease is terminated early. However, in no event, shall the Association approve more than two lease agreements relating to any Unit in any twelve (12) month period.
- (b) Occupancy of a Unit by persons, except the parents, children, grandchildren or siblings of the owner or his spouse, when the record owner is not in residence, shall be deemed to be a lease and shall be counted as one (1) occupancy in any twelve (12) month period under the limitation of subparagraph (a) hereof.
- (c) Only entire Units may be leased. Lease of rooms or less than the entire Unit is prohibited. There shall be no subdivision or subletting of Units without approval of the Board in the manner provided. Units may only be occupied by tenants as a single family residence, as this term is defined elsewhere in this Declaration. Guests of tenants must be registered with the Association. The maximum stay for guests of tenants is thirty (30) total days in any calendar year. All leases shall be for a minimum period of at least thirty (30) days. Upon the expiration of any lease, renewals thereof shall also be for a minimum period of thirty (30) days. An owner of a leased Unit may not use any portions of the common elements except as a guest.

- 4. Disapproval of Leasing by Association.** If a proposed lease is disapproved by the Association, the Unit Owner shall be so advised in writing and the lease shall not be made. Any lease made in violation of this Declaration shall be voidable and the Association may institute suit to evict the tenant in which event the Unit Owner violating this paragraph shall be liable for all court costs and reasonable attorney's fees incurred by the Association, both at trial and appellate levels.

5. **Approval of Sale of a Unit.** The approval of the Association that is required for the transfer of ownership of condominium Units shall be obtained in the following manner:

- (a) **Notice to Association.** A condominium Unit owner intending to make a sale of the condominium Unit or any interest therein shall give to the Association notice of such intention, on forms prescribed by the Association and such other information concerning the intended purchase as the Association may reasonably require including a copy of the proposed contract of sale signed by the proposed purchasers. Such notice, at the condominium Unit Owner's discretion, may include a demand by the Unit Owner that the Association provide a purchaser of the condominium Unit if the proposed purchase is not approved, except as noted in Paragraph 6(a)(3) below. The prospective purchaser shall make himself or herself available for a personal interview by the screening committee prior to approval of such sale.
- (b) **Certificate of Approval.** Within thirty (30) days after receipt of such notice and information and the holding of a personal interview, the Association must either approve or disapprove the proposed transaction. If approved, the approval shall be stated in a certificate executed by the President, Vice President, Secretary or Treasurer of the Association, in recordable form.

6. **Disapproval of Sale or Transfer.** If the Association shall disapprove a transfer of ownership of a condominium Unit, the matter shall be disposed of in the following manner. If the notice of sale given by the condominium Unit Owner shall so demand, then within thirty (30) days after receipt of such notice and information and the holding of a personal interview, whichever date last occurs, the Association shall deliver or shall send by certified mail to the condominium Unit Owner an agreement to purchase the condominium Unit signed by a purchaser approved by the Association, or an agreement to purchase signed on behalf of the Association, by its President or Vice President and attested by its Secretary, in which event the condominium Unit Owner shall sell the condominium Unit to the named purchaser at the price and upon the terms stated in the disapproved contract to sell, excepting that at the option of the named purchaser the purchase price may be in cash at closing.

- (a) The sale shall be closed within thirty (30) days after delivery or mailing of the agreement to purchase or upon the date designated in the disapproved contract, whichever date shall be later. A certificate of approval of the Association executed by any of its officers in recordable form shall be delivered to the purchaser.
- (b) If the Association shall fail to purchase or provide a purchaser upon demand of the condominium Unit Owner in the manner provided, or if the purchaser furnished by the Association shall default in his agreement to purchase, the proposed transaction shall be deemed to have been approved, and the Association shall furnish a certificate of approval as elsewhere provided, in recordable form.

(c) If the Association determines that the proposed sale is not bona fide, it shall not be required to purchase the Unit or to provide an alternative purchaser. In addition, if the Board or committee thereof disapproves a proposed transfer for "cause", the owner desiring to transfer the Unit shall have no right to proceed with the proposed transfer. "Cause" shall be determined by the Board upon objective criteria formulated by the Board, including but not limited to financial stability, personal references and ownership or rental histories of the proposed occupant.

- 7. **Screening Fees.** The Association may require the payment of a present screening fee simultaneously with the giving of notice of intention to sell or lease, said screening fee to be set by the Board of Directors from time to time and shall be in conformance with applicable law.
- 8. **Unauthorized Transactions.** Any sale or lease not authorized pursuant to the terms of this Declaration shall be voidable at the election of the Association; provided, however, that such voidability shall exist for a period no longer than one hundred twenty (120) days from the consummation of such transaction, such consummation being evidenced by the recording of a deed of conveyance of the Unit or by occupancy of the Unit; provided further that the Association must commence an action to set aside such transaction within such one hundred twenty (120) day period.

**14. PARKING**

Except as set forth below, only conventional passenger automobiles may be parked in any parking area and only if the automobile has a current license tag affixed to it. A "conventional passenger automobile" shall be limited to those vehicles which are primarily used as passenger motor vehicles, and which have a body style consisting of two doors, four doors, hatchback, convertible, station wagons or minivans which do not exceed 18' in length, and utility vehicles, such as Ford Bronco, Chevrolet Blazer, Jeep and similar vehicles provided they are in a condition substantially similar to that which existed when they were sold by the manufacturer and specifically excluding vehicles that have been modified by increasing height, off-road tires, roll bars and the like.

All other motor vehicles, including but not limited to commercial vehicles (any vehicle primarily used in a trade or business or having advertising or promotional information, symbols or materials affixed thereto), trucks (any motor vehicle designed or used principally for the carriage of goods and including a motor vehicle to which has been added a cabinet box, a platform, a rack, or other equipment for the purpose of carrying goods other than the personal effects of the passenger, and specifically including all pickup trucks and vans exceeding 18' in length), motorcycles, boats, campers, recreational vehicles (vehicles having either kitchen or bathroom facilities), trailers, motorhomes, mobile homes, and any and all other vehicles other than the aforescribed conventional passenger automobiles, shall be prohibited from parking in any area.

Notwithstanding the foregoing parking limitations, the following exceptions shall be made: (1) service vehicles may be temporarily parked in parking areas during the time they are actually servicing a home, but in no event overnight; (2) boats, trailers, trucks, commercial and recreational vehicles, and other prohibited vehicles may be temporarily parked in a parking area when they are being actively loaded or unloaded, but not for more than

twenty-four (24) hours. (3) any of the motor vehicles, trailers or other vehicles which are otherwise prohibited by virtue of this section may be parked inside an owner's assigned garage provided the garage door is kept closed and the vehicle is only located outside of the closed garage when it is being loaded or unloaded or driven to or from the home.

No vehicle belonging to any owner or to a member of the family of an owner or guest, tenant or employee of any owner shall be parked in such manner as to impede or prevent access to another owner's parking space. The owners, their employees, servants, agents, visitors, licensees, and the owners' families will obey parking regulations posted at the private streets, parking areas and drives and any other traffic regulations which may be promulgated in the future for safety, comfort and convenience of the owners. No vehicle which cannot operate on its own power shall remain within the condominium property for more than 24 hours, and no repair of vehicles shall be made within the condominium property.

No parking is permissible on the lawns or common grounds at any time, other than service vehicles and then only if necessary to service a Unit within the complex.

Any and all vehicles parked or stored on the condominium property which do not comply with the foregoing parking regulations shall be deemed "improperly parked vehicles" and are subject to towing by the Association, at owner expense, at any time after twenty-four (24) hours has elapsed from when the owner of said vehicle(s) has been notified of the improper parking.

## **15. TERMINATION**

The Condominium created hereby may be terminated in the manner provided by the Condominium Act of the State of Florida, as Amended, from time to time.

## **16. MORTGAGEE'S RIGHTS**

That, notwithstanding anything contained in this Declaration or any of the Exhibits annexed hereto, to the contrary, the written consent of each institutional lender holding a first mortgage upon any Condominium parcel or parcels, shall first be obtained before any portion of this Declaration may be amended in a manner which would materially and adversely affect its security interest, or the Condominium terminated, or a building may be rebuilt after substantial destruction as defined in Paragraph 12 above, or any structural alterations or changes may be made, which said consent shall not be unreasonably withheld.

## **17. MAINTENANCE OF CONDOMINIUM PROPERTY**

**Maintenance:** Responsibility for the maintenance, repair and replacement of the Condominium property will be as follows:

- 1. Units.** The maintenance, repair and replacement of the Units and their components, and any alterations, additions and improvements thereto, shall be the responsibility of the Unit owner, at his sole expense. The responsibility of the Unit owner shall include, but not be limited to, all components located within

the inner surfaces of the exterior coatings of the outside unfinished walls and, where applicable, the vertical plane bisecting the walls shared between Units, and from the plane of the bottom of the foundation of the structure to the plane of the peak of the roof, including the roof, roof surfacing (other than the outer surfaces of the coverings on overhangs and sloping roofs), gravel stops, overhangs, eaves, gutters, downspouts, window sills, porches, stoops, all projecting integral parts of the structure, utility room, attached or adjacent carport (including the roof and roof structure) or garages, and that portion of any enclosed courtyard lying within the boundaries of the Unit extended. Further, the responsibility of the Unit owner shall also include maintenance, repair and replacement of both the interior and exterior portions of windows, doors (except for painting of the exterior of doors which shall be the responsibility of the Association), and similar apertures and all frames, framing and screening thereof. However, a Unit owner must obtain the approval of the Board of Directors for the following: any maintenance, repair or replacement of the roof and roof surfacing; modification, replacement or covering of plastic, glass or screened surfaces; provided that, repairs which do not alter the original design may be made in emergencies and may remain upon subsequent approval by the Board. Moreover, the responsibility of the Unit owner shall also include fixtures, equipment, installation, appliances and internal utility services located within the Unit boundaries, including water, electric, sewage, and heating and air-conditioning systems. In regard to the electric system, the Unit owner shall be responsible to maintain, repair or replace components of such system (including electrical conduit, wire, switches, fixtures and equipment) located on the unit side of the electric meter servicing the Unit, but not including the meter itself. In regard to the water system, the Unit owner shall be responsible to maintain, repair or replace all components in the hot and cold water system located within a Unit's boundary and located between the Unit boundary and the Unit shutoff valve, but not including the shutoff valve itself. In regard to the sewage system, the Unit owner is responsible to maintain, repair and replace all components located within a Unit's boundary or on the Unit side of the junction point within the Unit where the line enters a line shared by another Unit. In regard to a Unit's heating and air-conditioning system, a Unit owner shall be responsible to maintain, repair and replace all components of such individual Unit systems wherever located.

2. **Common elements and Association Property.** The maintenance, repair and replacement of the common elements and the Association property and their components (including any vegetation located upon the common elements or the Association property, however established), and any alterations, additions and improvements thereto, and the dowel fences and concrete or masonry supports for same plus all approved wooden shadow-box privacy fences, shall be the responsibility of the Association.
3. **Access.** To facilitate and carry out the obligations of the Association for maintenance, repair and replacement of common elements as set forth in this Section 17, the Association shall have the irrevocable right to have access to each Unit from time to time during reasonable hours as may be necessary to perform its maintenance, repair or replacement duties, or for making emergency repairs therein necessary to prevent damage to the common elements or to another Unit or Units. Verbal notice will be given to the owner before entering except under those circumstances classified as emergencies by the Association.

4. **Reporting Need for Repairs.** Unit owners shall be charged with the responsibility for promptly reporting to the Association any defect or need for maintenance, repair, or replacement of any item or portion of the Condominium Property for which the Association has maintenance responsibility.
5. **Limitation Upon Liability of Association.** Notwithstanding the duty of the Association to undertake the maintenance, repair or replacement of the above-described portions of the Condominium Property, the Association shall not be liable for injury or damage, including damage to Units or contents therein, other than the cost of maintenance or repair of the property to be maintained by the Association, caused by any latent condition of the Condominium Property to be maintained or repaired by the Association of which the Association does not have knowledge, or caused by the elements, or by other owners, their servants, guests or invitees or by any other persons, but it is expressly provided that in the event that the maintenance, repair or replacement of a Unit is undertaken by the Association and the same results in incidental damage to an individual Unit, such damage shall promptly be repaired by the Association at the expense of the Association.
6. **Owner Caused Damages.** In the event that the maintenance, repair or replacement of a portion of the Condominium Property for which the Association has maintenance responsibility is necessitated by or through, or is the result of, the willful or negligent act of the owner of a Unit, his family, servants, guests, tenants, or invitees, the cost of such maintenance, repair or replacement shall be the responsibility of such Unit owner and shall be paid for by such Unit owner upon demand of the Association. An owner shall similarly be responsible to reimburse other owners for damage to their Units if the owner has caused the damage as set forth herein. In the event such payment is not made by the Unit owner after demand by the Association, such cost shall thereupon become a lien upon the Unit and may be collected and enforced in the same manner as assessments as provided in this Declaration.
7. **Owner Fails to Maintain.** In the event an owner fails to properly maintain and repair or replace his Unit or its components, the Association, at the discretion of the Board of Directors, may make such maintenance, repair or replacement as the Board may deem necessary and the cost thereof shall be assessed against such defaulting Unit owner. The Association shall have a lien against a Unit for the cost of any maintenance, repair or replacement it shall make thereto, to the same extent as is provided by the Condominium Act for unpaid assessments, plus interest at the maximum rate allowed by law and reasonable attorney's fee incurred by the Association in the collection thereof.

**18. ALTERATION, ADDITION OR IMPROVEMENT TO CONDOMINIUM PROPERTY**

1. **Common Elements and Association Property.** The Association, through its Board of Directors, may alter, add or improve the common elements of the Condominium or the Association Property; provided that, any expenditure, except as noted below, for an alteration, addition or improvement in excess of \$5,000.00 shall require the approval of the owners of a majority of the Units in the condominium in regard to the common elements, and shall require the approval of a majority of members in the Association in regard to Association Property. The approval may be expressed by a vote at a duly commenced membership meeting or in writing. Approval of the membership shall not be required for expenditures related to maintenance, repair, replacement, preventative maintenance, compliance with valid governmental orders or for security measures necessitated by conditions or events.

- 2. **Owner Alterations.** No Unit owner shall make any alteration, addition or improvement (including the planting of vegetation) to any exterior portion of the condominium property, whether a Unit, common element or Association Property, or otherwise paint, decorate or change the exterior appearance of any portion of the condominium property or make any alteration, addition or improvement in the structural portions of the interior of a building without obtaining the prior written approval of the Board. In no event may an owner jeopardize the safety or soundness of a building or impair any easement.

**19. ASSOCIATION PROPERTY**

Association property means that property, real and personal, which is owned or leased by, or is dedicated by a recorded plat to, the Association for the use and benefit of its members and includes the Recreation Center. The Recreation Center is for the recreation, enjoyment, use and other benefit of the Unit owners in Sections One and Two of Baywood Colony Villas Condominiums.
