

# **Baywood Colony Villa's Association**

## **Bicycle Parking and Storage Rules and Regulations**

A bicycle shall be limited to either a human powered, pedal-driven vehicle or one with an integrated electric motor which can be used to assist propulsion with the ability to be pedaled by the rider (also known as an electric bike, e-bike or ebike) and having one wheel in the front and one or two wheels in the rear, attached to a frame, provided they are in a condition substantially similar to that which existed when they were sold by the manufacturer and specifically excluding bicycles that have been modified. Bicycle seat height must be 25" or more above the ground excluding children's bicycles.

Bicycle Parking and Storage Regulations:

1. Bicycle Registration Form must be submitted and approved by the Board before any bicycles can be stored in the carport.
2. Bicycles can be parked or stored in a unit owner's footprint (courtyard/utility building), garage, clubhouse bicycle racks and carports, but cannot be parked or stored in driveways, walkways, or common ground around units and within Associations common property.
3. Maximum of two (2) bicycles can be parked in a Unit Owner's carport.
4. Bicycles parked in carports must be secured with a lock to either a removable upright one (1) or two (2) bicycle grid-style rack placed on the carport floor (no ARC Request required) or an upright one (1) or two (2) bicycle grid-style rack attached/secured to the carport floor (additional ARC Request required). Rack must be within four (4) feet of carport wall and in front of a conventional passenger automobile. One (1) rack per Unit Owner's carport.
5. Bicycles and rack cannot impede or infringe on the adjacent Unit Owner's carport space and the bicycle rack must be facing towards the middle of the carport.
6. When not in residence, all bicycles and removable rack must be stored within Owner's Unit or utility building.
7. Baywood Colony Villas Association, Inc. shall not be responsible for any theft or damage caused by the bicycle(s).
